

commehr Migration Service

We are more than just a tool. commehr combines automated processes and personal support. This makes us your ideal partner for the entire migration process, from planning to implementation and follow-up.

Your advantages

We offer a professional migration service at a fixed price, supported and monitored by our migration specialists. You also benefit from the following advantages:

- Personal advice and support
- Detailed coordination, exact time planning and explicit target agreements
- Joint development of a migration strategy
- We make your migration right the first time. Your satisfaction is our highest priority.

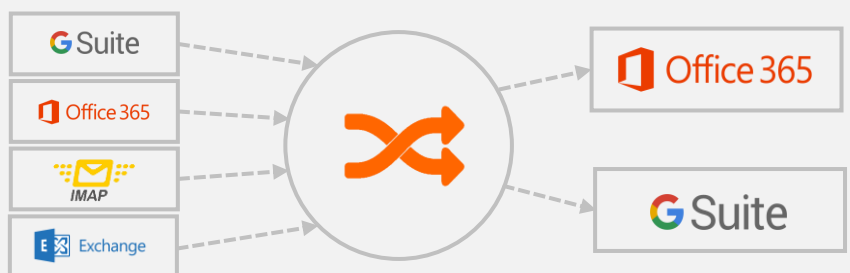

It is inclusive

As a customer, you do not have to worry about anything. The following services are included:

- Comprehensive information before, during and after migration
- Preparation and setup of the desired target system
- Handover of the fully migrated system and regular status updates

Supported migrations

On request, we offer further types of migration.
